### and what have you

by BOB CRAIG

October seems to be a popular month for special "weeks" since the Business and Professional Women's Clubs are celebrating this week, next week is Fire Prevention Week, and National Newspaper Week, Thrift Week and a host of other weeks fall during this month.

It is a shame that there are so many weeks to celebrate that those really deserving special consideration just seem to be lost in the shuffle. One such week is National Business Women's Week.

Maybe if all of the women workers stayed home one day during this week we would be a little more conscious of how much the business world depends on women.

I am not sure whether we are honoring the B&PW Clubs of America, all business women or both but it seems to me it should be both. The local B&PW club is a tremendous asset to our town with their many civic projects and their general concern for the health and welfare of Hamlin.

Miss Lennie Greenway of the Farmers and Merchants National Bank gave me a list of some of the women who have been in the business world of Hamlin for a number of years. Knowing most women's aversion to giving their ages, I am a little hesitant about publishing this list but they will just have to blame Miss Greenway.

Miss Greenway has been with the bank since 1918. Mrs. S. D. McMahan has been in the jewelry business since 1911. Mrs. Jess Young has been in the cleaning business since 1920. Mrs. Florence Cowan has been in the cleaning business since 1930. Miss May Gay in the insurance business for 30 years. Mrs. Clifford Reynolds in the drug business for 38 years. Mrs. Frank Waggoner in the drug business for 35 years and Mrs. E. M. Wilson, who retired in December 1960, was active in the business world since 1903.

Along with all of the weeks, this is also homecoming week or at least week end in Hamlin. The Herald would like to join all of the others in Hamlin in welcoming home all of the exes. We would like to hear from all of those who have visitors in their homes over the week end so that our readers who might have missed them might know they were in town and know where they are living now.

I would imagine that everyone by now has found out that the city is installing some long needed stop signs around town. It has been a problem at some of the intersections to determine just who has the right-a-way.

In the residential area of town it might be well to set off thoroughfares with the use of stop signs or yield signs. It seems that most of the home folks have by common thru streets but this a little dangerous when a stranger tries to guess which is which.

If you have ever taken part in any civic or community affair you were probably quick to notice that regardless of what club or group you were working with the local bank either had one of their staff working with the group or were helping support the project in some other way. I know of no other firm in a town that works as hard trying to help a town as does its bank and would hate to think of what it might be like to live in a town without one.

Some will be quick to say that it is just good business for them to support these projects, but this is just as true for any other business in Hamlin as it is the bank.

### Bake Sale Today

The Good Neighbor Home Demonstration Club will sponsor a Bake Sale Thursday morning, October 5, in front of McDonald's Department Store.

LAST TO ATTEND WISE CHAPEL SCHOOL—The Wise Chapel School consolidated in 1947 and the group above was the last group to attend there. The teachers were, left, Mrs. Earl Brown who was also superintendent and, right, Miss Viola Avants. Both teach in the local system now. Pictured are left to right: First row; Kenneth Hewett, Douglas Ford, Gilbert Blackburn, (Unidentified), Alvin Leck; second row, Marie Taylor, Joe Lynn Lain, Creida Gilbert, Joyce Cooper, Peggy Burleson, Janice Agnew, Marjorie Grimes, Alta Lois Rogers, (Unidentified); third row, Peggy Jenkins, James Gilbert, Billy Holmes, June Holmes, Betty Best, Norma Joe Garrett, Margaret Joyce Wilson; fourth row, Clifford Eoff, Billy Lain, David Ford, Robert Fletcher, Norman Leck, Virginia Mayfield, JoAnn Holmes; fifth row, Bobby Jones, John Henry Grimes, Clark Hewett, Wanda Grimes, Elizabeth Watts, David Lain, Jimmy Holmes, Winston Best and Lane Fletcher.

## Pipers to Host Big, Fast Unbeaten Childress Eleven

Coach D. C. Andrews reports round 10.3 and are expected to that his charges are working the defense from stacking hard this week following their up on Mitchell. The Childress set back last week to Winters team can pass but stays on in preparation for their home-ground most of the time. coming game with highly rated Childress Friday night.

Andrews said this week that although the Pipers were defeated, 8-0, last week he was proud that they did not give up during the game after having so many breaks go against them. He expects all of the boys to be ready for action Friday night.

The Childress Bobcats will be putting an unblemished record on the line as they hold victories over Paducah, Vernon, Seymour and Electra. Scouting reports here indicate that the Bobcats have a big, fast and experienced team.

Three-year veteran halfback Mitchell, who runs the 100 in 9.8, is expected to give the Pipers the most trouble. The other three Bobcats in the backfield can run the 100 a

boys. A sellout crowd is expected for the game. Childress is expected to bring as many as 1,200 fans down with them. Local school officials expect to have standing room only left by game time with all of the reserve seat tickets that are available now at the three drug stores.

## JONES COUNTY FARM BUREAU CONVENTION SET FOR OCT. 7

The annual convention of the Jones County Farm Bureau will be held October 7th at the High School Auditorium, in Anson, according to K. G. Martin, president.

The farm leader said this will be the most important meeting of the entire year for the local organization. Resolutions incorporating the thinking of the membership on local matters become the policies of the county Farm Bureau to guide it during the coming year. Resolutions dealing with state and national issues will be forwarded as recommendations to the voting delegates of the state convention to be held November 12-15 in Galveston. They will be acted upon and either accepted, rejected or amended. Those adopted become state Farm Bureau policies for 1962 (on state matters) and recommendations (on national issues) to the voting delegates of the American Farm Bureau Federation convention to be held in December in Chicago.

Only members of the Farm Bureau can participate in the organization's policy-making process which begins with the local county convention and culminates in the annual convention of the American Farm Bureau Federation. More than 1,600,000 farm families have an opportunity to have a voice in the formulation of the national Farm Bureau policies which are developed democratically through the series of conventions. Three out of every four organized farmers belong to Farm Bureau.

After the local county FB forms its recommendations on state and national issues, it sends voting delegates along with other county Farm Bureaus to the state convention. Each county's voting strength is based on its membership. These representatives of county Farm Bureaus approve the state policies for 1962 and the recommendations to the national convention. The Texas Farm Bureau, in turn, sends

delegates based on its membership strength to the national convention where the national policies are adopted. Texas, the fourth largest state Farm Bureau, has one of the largest voting blocs at the national convention.

Many important issues are confronting farm people now, and it is important for farmers to express themselves on these issues in a manner that will enable them to be heard, the county FB president said. He urged all members to attend the meeting and participate in the discussion and voting.

### Rev. Fred Brown Elected Head of Ministerial Group

The Rev. Fred Brown, pastor of the Faith Methodist Church, was named president of the Hamlin Ministerial Alliance at a meeting held Thursday, September 28, at 7:30 p.m.

Other officers elected were vice president, the Rev. Spencer Liles, pastor of the Four-square Church; secretary, the Rev. Frank Chapman, pastor of the Sunset Baptist Church; and treasurer, the Rev. Cecil Stowe, pastor of The Church of the Nazarene.

The Rev. T. M. Harrell, pastor of the North Central Baptist Church and retiring president, expresses the appreciation of the Alliance for the cordial response of the Hamlin citizens in the Carla Relief Campaign. Contributions include a truck load of boxed clothing and \$745 cash, all of which was delivered to the Salvation Army headquarters in Abilene.

Cash donations are still being received by Floyd Clifton at the F&M National Bank.

Weekend guests in the home of Mrs. Gus Travis were her daughters and families, Mr. and Mrs. Charles Bren of Kermit and Mrs. Ray Light and Linda of Wichita Falls.

## Homecoming Activities To Open With Pep Rally

A pep rally at 3:15 Friday afternoon on the street between Howard City Drug and the F&M National Bank will be the first of the Hamlin Homecoming activities which are scheduled to continue through Saturday evening. The Pied Piper Band will be on hand to furnish music for the occasion. Coffee and cookies will be

served Friday and Saturday by the B&PW Club at the registration headquarters, in the office of James Rodgers on South Central.

All local exes are asked to register now and make reservations for the dinner Saturday in order for the committee to have an estimate of the number to be served.

Friday at 8 p.m. the Pied Pipers will meet the Childress Bobcats in their second home game of the season. The Homecoming Queen and the Ex-Student Queen will be crowned during the half time activities.

Following the game there will be a Coffee Hour at the high school gymnasium with visiting and fellowship.

The business session and program will be held Saturday at 10:30 a.m. in the high school auditorium. Jones County Superintendent of Schools, Everett Beavers, ex of '27, will be the guest speaker. J. C. Turner will serve as Master of Ceremonies. Class groups will set together and markers

### Free Merchants Show Starts at Rogue Tonight

The first of several free Merchant's Shows will be shown tonight (Thursday) at the Rogue Theatre, starting at 6:30. Tickets to the first run shows are available from many of the Hamlin merchants who have a placard in their window indicating the merchant is taking part in the "Trade at Home" program sponsored by the theatre.

All of the shows will be first run, family films but the titles will not be known until show time.

There will be two showings each Thursday night to take care of the expected crowds. The shows are the Hamlin merchants way of saying thank you for your past patronage.

No purchase is necessary to obtain the free tickets for the Thursday night shows. The tickets are not good for any other night during the week.

## QUARTERLY BANK CALL SHOWS LOANS AND DEPOSITS UP

Like most banks over the state the Farmers and Merchants National Bank of Hamlin showed an increase in both deposits and loans following a call for conditions at the close of business September 27.

The local deposits were up \$22,563.91 over October 3 of last year and the loans were up \$301,198.18. The call showed the bank here with \$4,770,105.07 on deposit and \$2,274,451.31 out in loans.

Floyd Clifton, vice presi-

dent of the bank, stated that the higher loans were due for the most part to the increased cost of the area's cotton crop last year and the tremendous number of cattle now in the area. About \$150,000 of the increase in loans credited to the late cotton crop which because of the insects and extra plantings is costing the farmer more to produce this year. Around \$350,000 more has been loaned to buy cattle with than ever before and there is probably more livestock in the area now than there has been at any other time.

A surprise to most bankers over the state has been the increase in deposits since the bank call came before the end of the month this year and was after the first last year. Bankers say deposits normally are down the last week of the month and spurt upward the first of each month.

## FINAL RITES FOR MARVIN YORK HELD MONDAY

Marvin T. York, 75, resident of Hamlin since 1920, died in Hamlin Memorial Hospital at 6:15 p.m. Saturday.

Funeral services were held Monday at 10 a.m. in the First Methodist Church. The Rev. Edmund W. Robb, pastor, the of the First Baptist Church, Rev. Lenard Hartley, pastor and the Rev. J. H. Littleton of Eastland officiated.

Burial was in the Hamlin East Cemetery directed by Hamlin Funeral Home.

Mr. York, a retired merchant, was born in Lufkin March 21, 1886, son of the late Mr. and Mrs. Riley York. He married Tommy Ann Spivey at Lufkin on February 7, 1916.

He was a steward in the First Methodist Church, a member of the Odd Fellows Lodge and the Rotary Club.

Surviving are his wife; one son, Marvin T. Jr., of Fort Worth; one daughter, Mrs. Bill (Betty Lou) Shira of Hamlin; two brothers, Robert of Diboil and William of Houston, and two sisters, Mrs. Jack Nerren and Mrs. Clara Nerren, both of Lufkin.

Pallbearers were O. D. Roland, J. C. Turner, Henry Jackson, Wesley Nail, G. R. Bennett, L. E. Prewitt, W. B. Cotten and Weldon Johnson.

### District President To Speak to P-TA Meeting Today

Mrs. D. W. Boren, of Abilene, District president, Parent-Teachers Association, will be the guest speaker at the regular meeting of the Hamlin P-TA in the primary auditorium at 4 p.m. today.

Theme for the program is "Effective Learning for Good Schools." The invocation and meditation will be given by Edmund Robb, pastor, First Methodist Church. Mrs. C. B. Owen will give the thought for the month.

The Fourth grade students will present the entertainment. Members of the Fifth Grade Camp Fire group will care for small children in one of the classrooms during the meeting.

### VFW District 8 Fall Convention Set for Stamford Oct. 7-8

STAMFORD — The state's largest Veterans of Foreign Wars district will convene here on Oct. 7 and 8 when District 8, Department of Texas, meets for its Fall Convention.

State Commander Peter Stack of Houston will be main speaker at the meeting, which will be held at home quarters Stamford Post 9179.

Ladies Auxiliary members will hold separate sessions with Mrs. Oather Hanks of Sweetwater, district Auxiliary president, in charge.

## WATER METER CONNECTIONS

New meter connections made in Hamlin this week, according to records at the City Hall, were:

C. L. Lindley, 244 S. W. 4th Street.  
Robert Edwards, 126 S. W. 2nd Street

## STRAWN RITES HELD SUNDAY FOR J. J. GILBERT

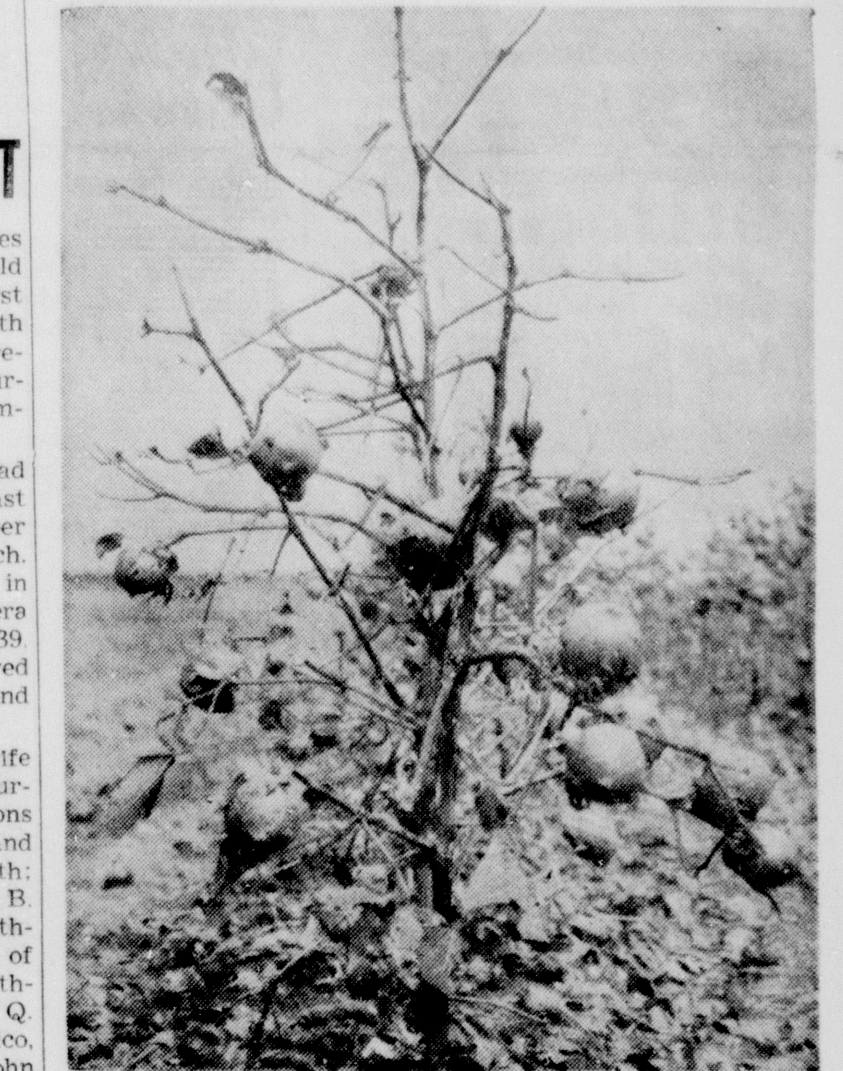

Funeral services for James Jeffery Gilbert, 54, were held Sunday at 4 p.m. in the First Baptist Church in Strawn with the Rev. W. H. Rucker, retired pastor, officiating. Burial was in Mount Marion Cemetery in Strawn.

Mr. Gilbert, a mechanic, had lived in Hamlin for the past five years. He was a member of the Calvary Baptist Church.

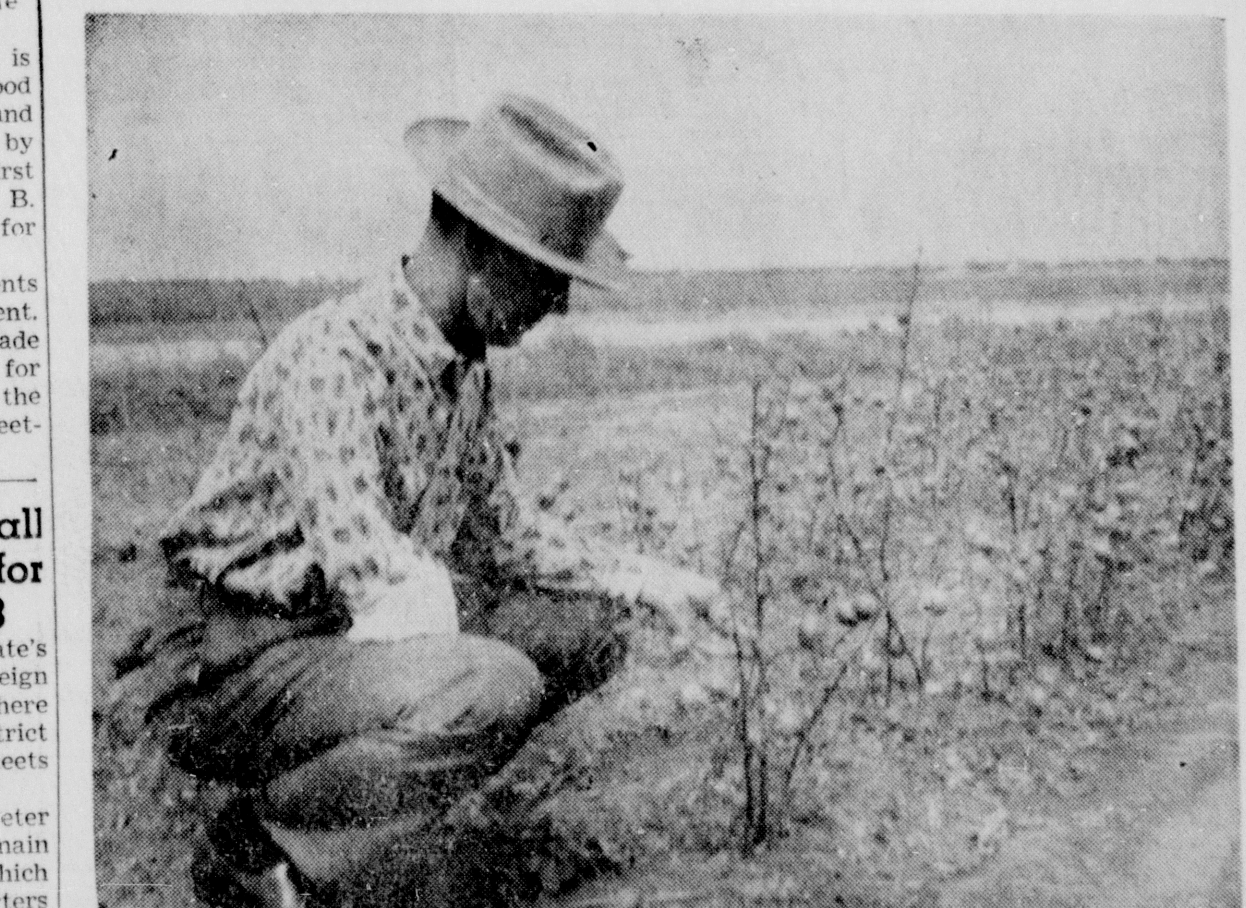

Born August 16, 1907, in San Saba, he married Vera Smith on November 22, 1939, in Eastland. He had lived most of his life in Strawn and Ranger.

Survivors include his wife of Hamlin; a son, James Burton of Lubbock; two step-sons K. G. Smith of Garland and R. C. Smith of Fort Worth; a step-daughter, Mrs. L. B. Starett of Midland; his mother, Mrs. Pearl Gilbert of Grandfalls, Texas; five brothers, C. F. of Monahans, B. Q. of Las Cruces, New Mexico, Chester of San Angelo, John of Farmington, New Mexico; and S. B. of Hobbs, New Mexico; two sisters, Mrs. Ira Hayley of Corpus Christi and Mrs. B. B. Hickman of Clyde, and one granddaughter, Cindy

Ann, of Lubbock.

READY FOR STRIPPING—The cotton hit by hail September 23 was left ready to strip if the boles were ready. The hail defoliated acre after acre of cotton, leaving only the larger boles on the stalks. No one seems to know the full extent of the destruction saying that they would just have to wait and see what happens.

CHECKS CROP DAMAGE — Joe Murff checks the damage that the September 23 hail did to his cotton crop east of Hamlin. The storm hit an area about a half mile wide and four or five miles long, running through the same area as last year's huge storm. Estimates of the damage run as high as \$100,000. (Engravings arrived too late for last week's edition.)

For a long time the citizens of Hamlin have been dissatisfied with the dim, dinky, uncertain street lights that are now in operation. The light company has been humiliated as well, because better lights could not be installed. For the past few months the local Manager, Mr. McDaniel, has been working to get the city council to come to an agreement whereby better and more lights could be secured for the main business street. And it will be remembered that the company stated some time ago that the entire city course would be over hauled and modernized. The Herald is informed that the material is ready on the road. While the ready on the road. While the general overhauling is going on the company desires to install permanent artistic fixtures down Central Ave. that will make the entire street bright as day and take on the appearance that a good town like Hamlin merits.

NOTICE: When customers come in to pay their bills they shouldn't get the meat market operators excited to the extent they put part of their hand into the sausage grinder. So friends say after George Howard of Crow Brothers Grocery got his second finger on the left hand nipped off Friday afternoon at the first joint. A customer came in to pay a bill and Mr. Howard, in talking and turning from his work, accidentally let finger No. 2 get into the sausage mill. Mr. Howard, by the way, has been running a sausage mill 25 years and Friday constituted the first human encounter he'd had with the meat whacking machinery.

It's enough to make a man blue when he loses a calf, but when he hauls the little critter out into an open space to burn the remains and then the fire gets out of control and begins to spread, it'd make anybody red hot and blue. That is just about the story of Starr Inzer, farmer who lives near Hitson, who on Monday asked the help of the Hamlin Fire Department in putting out a grass fire. No damage was done. A sudden gust of wind that blew over the area where the calf was being burned caused the fire to spread. Chief Jack White said. The fire department was called out a second time Monday when a trash can near the rear of the Style Cleaners caught a fence on fire. . . . STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN—Final legal details were bulldozed on the path of the biggest state water project in Texas history. Reason—to pave the way for groundbreaking ceremonies Thursday near the site of Toledo Bend Reservoir on the Sabine River. State Board of Water Engineers, Texas Water Development Board and the Attorney General's office worked overtime in order to approve the project—from engineering, fiscal and legal standpoints. Sabine River Authorities in both Texas and Louisiana are 50-50 partners in the Toledo Bend Dam to be constructed near Newton, Texas. It may cost as much as \$60,000,000. Original estimate, back in 1957, was \$54,000,000. No federal aid was sought. Louisiana put up \$15,000,000 in tax money. Texas is lending the SRA of Texas \$15,000,000. Rest will be borrowed from private investors. The giant hydroelectric project will provide power for utility companies in Texas and Louisiana to market. It will supply Calcasieu Parish, La., and Orange County, Tex., with water for domestic and municipal use, irrigation and industries. LOST LAND?—Land Commissioner Jerry Sadler dropped a bombshell in the laps of the Austin City Council. In checking records at the Land Office, where all Texas land titles originate, he found no evidence of a patent or sale of Lots 6 and 7 of Block 185 of the original City of Austin. Sadler referred the matter to Attorney General, noting that these two lots hold one of Austin's water plants. Capital wags were quick to ask if Sadler was trying to cut the city's water off. STATE DEFICIT GROWS—Texas is still waiting for the full impact of the new sales tax. Meanwhile, the deficit in the general revenue fund increases. Latest report shows a hike in the fund-shortage of \$20,500,000 in a period of 11 days.

use this method of classifying workers. New system provides for pay raises on the basis of seniority.

CARLA'S AFTERMATH—“Carla the Hurricane” has long since left Texas, but her mark remains. Governor Daniel modified his remarks about insurance adjusters by saying that most companies were paying claims fairly.

But a Chicago insurance executive came to Texas and blasted both Governor Daniel and Sen. Ralph Yarborough for remarks about fine print in insurance policies.

Speaker James Turman sent his general investigating committee probing along the Gulf Coast, intent on recommending a new windstorm insurance law and one governing the handling of claims.

Texas public trusts and foundations have contributed \$255,000 to aid hurricane victims, and fund-raising appeals under the Red Cross are under way across Texas.

As usual, warm hearted Texans are chipping in to help those hit hardest by Carla.

GOVERNOR-FOR-A-DAY—Many senators get to be governor-for-a-day. But Sen. Bruce Reagan of Corpus Christi got a bigger break.

While Governor Daniel was attending the Southern Governor Conference, of which he is chairman, Reagan was acting governor for a full week. He even issued some clemencies.

Reagan made the most news however, by publicly disagreeing with Daniel. He said he saw no need for another special session of the Legislature.

Proclamations issued by Reagan included one designating “Port of Corpus Christi Day” and a series of three praising Del Mar College, Texas College of Arts and Industries, and the University of Corpus Christi.

HE'S AN EXPERT ON HOW TO HELP CONGRESSMEN AVOID BACKACHES, OLD PHILOSOPHER DISCOVERS

(Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 discusses a topic he may be an expert on this week, avoiding back strain.)

Dear editor: People are always looking to Washington for advice and information but occasionally Washington ought to look out in the country for advice and information for itself.

For example, I was sitting under a tree on this Johnson grass farm the other afternoon just stretching my legs and resting my back, and since I figured I could still do that and read a newspaper at the same time, I pulled out a paper and started reading.

What startled me was an article saying a Washington doctor has been advising Congressmen and other officials on how to take care of themselves, to keep from developing backaches and general muscular strains. In the first place, this doctor said, “a too-high chair will cause pressure on certain blood vessels in the thigh and may lead to severe cramps in the calf, initiating a painful muscle spasm sometimes with far-reaching consequences.”

I have known this for years. If you get the right sort of chair, I have found, you can sit in it for long periods of time without any ill-effects. I've tried it and I know. It never occurred to me that Washing-

# Pipers Fall to Winters

Four pass interceptions and two fumbles was the Pied Piper's downfall Friday night in what was otherwise a evenly matched defensive game with the Winters Blizzards winning 8 to 0. The victors second win of a roughly matched season came early in the final period after halfback Adolpho Arroyo intercepted a Stanley Austin pass late in the third quarter on the Hamlin 38.

Hamlin's farthest penetration was to the Winters 31 yard line in the second quarter where at that point they lost the ball on a fumble. The Pipers gave up the ball once on downs at Winters 35; punted three times from the Hamlin 42, Winters 44 and the 50;

pass interceptions lost the ball four times, on the Winters 31, Winters 39, Hamlin 38 and Winters 42; and twice on fumbles, at the Winters 31 and 35.

Fullback Frankie Lee was the night's top ground gainer with 56 yards on nine carries with 44 yards coming in the second half. Halfback Raymond Williams carried 14 times for a total of 51 yards.

Little Arroyo who scored the Winters touchdown from one yard out ended the night with a net of no yards gained on two tries since he lost a yard on his only other carry.

Tight defensive play by both elevens kept either team from mounting much of a scoring drive with the exception of the victors tally in the final quarter.

Dan Newberry, Jerry Duncan, Mark Smith and Robert Woodruff lead the Hamlin defense that held Winters to 124 yards on the ground and 28 in the air.

After the opening kickoff, Winters punted on fourth and five to the Hamlin 43 from where Hamlin gained two first downs and the Winters 35 before being stopped with two ground tries by Williams for no gain and two incomplete passes by Austin.

Winters moved from there to the Hamlin 34 before being set back with a 15 yard penalty and two incomplete passes. Hamlin's next try was stopped by two 15 yard penalties that forced Jimmy Cooper to punt from his own 18 with Winters taking over at the Hamlin 43.

Winters moved on down to the Piper 25 before being stopped with a 15 yard penalty and Hamlin took over on their 40.

From the 40 the Pipers started moving with Williams

gaining 8, Lee 3, Richey 6, Williams 4, Austin 5 and Lee 4 to the Winters 31, but then fumbled on the next play with Winters recovering on the 31. Winters punted 46 yards from the 34 with Hamlin drawing an additional 15 yards on a penalty, putting the ball back on the 15. Austin passed seven plays in a roll, completing four to bring the ball out to the Winters 37 before Winters picked off the seventh at the 35. Two plays later Winters fumbled with Dan Newberry recovering on the 39 only to have Winters intercept another Austin pass at the 4. Winters got off one play as the half ended.

Lee returned the second half kickoff back to his 42, from Hamlin moved to the Winters 44 before punting to the 17. Winters failed to make a first and punted back to the 46. Hamlin was forced to punt from the 42 and then Winters punted back to the

Hamlin 36. On the second down and ten, Arroyo intercepted Austin's pass at the 38. Winters passed 20 yards to the 18, ran for a second first down in three plays to the 7 and then drove to the 1. After a try failed, Arroyo carried over for the touchdown and Steve Grissom carried over for the two points after making the score Winters 8 and Hamlin 0 with 10 minutes left in the game.

Dan Newberry returned the kickoff to his 40 from where Lee picked up a first on the Winters 40 only to have this drive stopped when Grissom intercepted Austin's pass at his 49.

Winters moved down to the Hamlin 31 before losing the ball on downs. From the 31 the Pipers moved to the Winters 35 before Grissom recovered Lee's fumble on the 32.

Winters ran the clock out in four plays to end the contest.

The National Honor Society will honor the ex-members on Saturday with a breakfast. The breakfast will be served in the homemaker lab from 8:30 to 10:00 a.m. Members of the honor society and their mothers will serve the exes.

President of the Hamlin National Honor Society is Thelma McClung. Other officers are Jeanette Jenkins, vice-president; Mary Smith, secretary-treasurer; and Dwayne Wheat, reporter. Mrs. Charles Scott is advisor for the group. Neal Branscum and Jerry Smith are the other members.

Will the winner of the "Make It With Wool" contest come from Hamlin High this year? This could well be true for several of our homemaker students are entering the contest. To enter the contest the girls must make a garment of

100 per cent American made wool. Let's all keep our fingers crossed that this year Hamlin will have a winner.

Did you buy some nuts from the band? Well, the band would like to thank you for your support. If you didn't buy any, well please see a band member and get some now. We would also like to thank you for buying the chocolate covered almonds. You have helped some worthy band member to get a band jacket. So, you see when you bought those nuts you had a part in one of the jackets you will see. Thanks.

Do you feel especially good when someone you meet on the street wishes you a happy birthday? Well, insure that treat that on your birthday next year your friends will re-

member it and you. Place your name on the senior calendar. Seniors will be securing birthdays, anniversaries, and lodge listings until October 16. They also will be selling calendars for 50 cents. Birthday and anniversaries will be placed for 25 cents each. Committees for the calendars are Jeanette Jenkins, Martha Jordan, and Joyce Shields, advertisements; Theresa Carlan and Sandra Smith, lodge listings; and Linda Farmer, dummy typist. Don't let others forget your birthday.

## Now Use Of Water May END YOUR CONSTIPATION WORRIES

As you grow older, your system begins to dry out. This is true of your digestive system, and it may lead to constipation. SERUTAN, taken daily with plenty of water, produces a smooth gel that provides the proper moisture, bulk and peristaltic stimulation to help end your constipation worries. SERUTAN is the all-vegetable laxative aid that moistens hard, dry food wastes and forms it for easy, regular elimination. SERUTAN is entirely different from harsh chemical pills, salts, bran or oils. Take SERUTAN daily with water and enjoy regular elimination or your money back.

## PRESIDENT'S PENS NO PUZZLE

Dear Amy:

As a retired L&N railroad conductor and a subscriber to the Pioneer News I never overlook reading your column. I just wanted to compliment you on your answer to "Jo Ann" and "Wishing," very good indeed!

Now I have a question for you. I've an idea on the answer but I'm not sure. I would personally refer yours. My question is, why does the President of the United States use so many pens to sign an important bill?

William Harris

Dear William:

To put you on the right track, it is common practice for the President to use numerous pens in signing an important bill. They are then given to the interested parties as souvenirs to commemorate the occasion.

Dear Amy:

The only way I can find help is through your column. This is my problem: I have a mother and father who could be the best in the world but ever since my younger sister was born, it's been nothing but Karen this and Karen that. They are always telling me that she will be better looking, smarter and more advanced than I will ever be. When Karen does something wrong, it's my fault because she is too small to understand (she'll be 8). I always try to avoid it but it gets worse and worse each day. I tried talking with my parents but they always say I'm acting like an infant. Plus all this, I'm treated like a baby. I have to go to bed at 9 pm while my sister stays up. I can't go swimming with my friends because I can't be trusted, plus the fact everything I do is wrong. I was 15 in August.

In Need of Help Bad

Dear In Need:

Don't blame Karen for what is obviously not her fault. Your parents are wrong of course. If appealing to their sense of equality has failed, enlist the aid of a close member of your family or an understanding teacher. Advice which comes from others often times hits home.

Dear Amy:

I like to cook very much making big meals for the rest of the family. There's just one thing about it though—every time I intend to make a nice meal, I'll go to change into some cooking clothes

## QUESTIONS ANSWERED BY AGENT ON NEW WHEAT PROGRAM

According to County Agent, Kirby Clayton, the questions and answers below will provide wheat producers with more information on the Wheat Stabilization Program for 1962:

Q. Does a producer have to sign up for the Wheat Stabilization Program even though a 10 percent mandatory cut has been made in the wheat allotment?

A. Yes, if he expects to collect payment for acreage diverted to conserving use.

Q. What is necessary in order to be eligible for price support on 1962 wheat crop?

A. To be eligible for price support, the allotment cannot be exceeded and the Producer must have at least the minimum participation in the Wheat Stabilization program which includes the conserving use acceptable to county ASC committee. Price support is limited to cooperators in the designated commercial wheat producing areas (all of Texas included).

Q. On a small farm, it is possible to get payment for retired acreage but not be eligible for price support.

A. Yes, payments will be made for acreage retired as prescribed in the regulations. However, price supports will be available only to those who comply with their allotments.

Q. Is it possible for a farmer allotment than his highest to receive a smaller acreage wheat acreage of the last 3 years?

A. Yes, chiefly because the smaller previously was permitted to exceed his acreage allotment and plant up to 15 acres if he did not want price support, and still not be subject to marketing quota penalty.

Q. If a producer has a 5 acre wheat allotment and has planted as much as 15 acres in one of the last three years, but now plants 13.5 acres (for 1962) can he sell the entire production of the 13.5 acres without a penalty?

A. Yes. He is not eligible for price support, but he can sell the entire production without penalty. The larger exemption is granted him, but the allotment comes into play on the penalty application in case of overplanting this exemption.

Q. If a producer has a 5 acre wheat allotment but has been customarily planting 15 acres, must he reduce from the allotment or the 15 acres? And what is the maximum amount he can reduce?

A. The producer is permitted to reduce from the 15 acres which is his highest planted acreage during the past 3 years. The maximum acreage is 10 acres.

NOTE: If the producer had planted more than 15 acres in any of the last 3 years, the diverted allowance must be taken on the allotment; which if less than 10 acres would be the maximum diversion permitted.

Q. What about the methods of determining amount of minimum and maximum diversion (participation)?

A. If the wheat acreage in any one of the years 1959, 1960, 1961 is greater than 15 acres, the computation of the minimum 10 percent and additional 30 percent diversion is based on the allotment Option 2 only. If the farm has

not allotment and a highest planted acreage of 15 acres or less, the diversion must be under Option 1.

NOTE: If the allotment is zero, and the highest planted acreage is over 15 acres, the farm is not eligible for participation in the Wheat Stabilization Program, nor is a farm with a new farm allotment eligible to receive payments for diverted acres. As yet there is no assurance that growers with new wheat allotments will receive price support. There is a possibility — watch for clarification on this!

Minimum Participation:

Option 1—10% of highest actual acreage, provided acreage did not exceed 15 acres in either 1959, 1960, or 1961.

Option 2—11.1 percent of the 1962 allotment (includes anyone who exceeded 15 acres in any year). NOTE: This 11.1 percent of the 1962 allotment actually reflects 10% of an allotment computed for the farm on the basis of the "old" national allotment of at least 55 million acres.

Maximum Participation: The producer may voluntarily divert up to three times the minimum diversion under Option 1 or 2 (whichever applies) or enough to make a total of 10 acres. However, the total diversion may not exceed the larger of, (a) highest acreage planted for harvest in any one of the years 1959, 1960, or 1961 not in excess of 10, (b) the 1962 wheat allotment.

Q. What is the penalty for exceeding the allotment or permitted acres on farms with small allotments?

A. It is double the normal yield of the excess acreage above the allotment. Multiplied by 65% of the May 1, 1962 parity price. However, there are provisions for reducing this if actual yields can be proved as lower than double the normal. Note that if a farm exceeds the exemption, the penalty is figured from the allotment and not the exemption.

Q. What about the farmer who has planted no wheat in either 1959 or 1960 or 1961? Does he have any exemption?

A. This producer would have no marketing quota exemption and thus would be subject to the penalty of the entire production.

Q. How many wheat farmers are there in the United States?

A. There are about 1.8 million. Farms with 15 acres or less of wheat constitute two thirds of this total. However, about 20 percent of the Nation's large farms produce 80% of the crop. Farms with 15 acres or less of wheat produce about 16% of the total crop.

It takes hundreds of nuts to hold a car together, but only one behind the wheel to scatter it all over the landscape.

## LOCAL BUSINESS . . .

S. S. Talbert, Ph. D.  
Chairman, Dept. of Journalism  
University of Mississippi

American business last year spent approximately 12 billion dollars on advertising.

During the year new methods of advertising were devised. New types of specialized magazines came into being. Radio and television were aggressive in promoting their benefits as advertising media.

Yet the newspaper remained the undisputed choice of the nation's advertisers. Advertisers spent more money for newspaper space than they did for magazines, television, and radio combined.

Local newspaper advertisers bought approximately three billion dollars worth of space in 1960. This was an increase of more than five per cent over 1959. Retailers the nation over spent six times more

for newspaper advertising than they did for radio time. They spent ten times more for newspaper space than they did for television time.

More than half of all local advertising expenditures was for newspaper space. This includes radio, television, magazines, direct mail, outdoor, business papers, and many miscellaneous forms of advertising.

Just what do these figures mean to the small city merchant?

Well, it's difficult to argue with success. There must be reasons why the newspaper remains the overwhelming choice of the nation's retailers as an advertising medium. There are reasons why, in the face of new media, the demand

for newspaper advertising space increases, for, to be sure, retailers have fairly tested the new media. To the practical merchant the reasons are basic and el.

The newspaper remains the most effective, most inexpensive, method of selling goods and services on the local level.

# Ask Amy

BY AMY ADAMS

## GIRDLE SALESMAN HAS 'TERRIFIC LINE'

Dear Amy:  
My family and I joined a nearby swim club this summer. I try to take advantage of it every afternoon for a few hours. While swimming last week, a fellow (bachelor) sat down beside me and started a conversation. He said he was a girdle manufacturer's representative and that he had a terrific line. He offered to supply me with as many girdles as I wanted at cost. My husband was very annoyed when I told him. He refuses to allow me to accept his offer. Frankly, I don't see anything wrong in it. Do you?

Myrtle  
Dear Myrtle:  
If he uses his 'line' to win friends and influence people, you may leave yourself open to more than you bargained for. Pay retail (in a store as your husband wishes) and let the bachelor size up some other Myrtle for a girdle.

Dear Amy:  
I don't agree with your advice to 'Love to be All Four'. Did it ever occur to you that if most of those women who work (whose husbands make enough money to support them) stayed at home, there wouldn't be as much unemployment?

Mary  
Dear Mary:  
Thirty million women work today because of economic or psychological necessity. Women have rightfully earned their place in the working world. They have been trained or educated in a particular field to be a tremendous asset to our nation and its economy. If they are giving the men a run for the money, the men will just have to keep on their toes. Equality of the sexes was established many years ago and I, for one, will not discourage it!

Dear Amy:  
In a recent issue of our local paper, you had an item about an 18 year old girl who signed her name 'Tracy'. She states that she has not had a date for the

last 6 months. Well, if you could help us get in touch with her, we think we could help her. There are many lonely G.I.'s in the service who would like to date a girl of such a description.

The Gaithers (Port Monmouth, N.J.)  
Dear Fella (The Gaithers):  
I am printing this letter for 'Tracy' wherever she may be. If she did not include her address, if she wants to contact you, she'll contact me.

Dear Amy:  
I am a young mother 23 years old and my husband is 22. I have 3 lovely children from 6 months old to 3 years old. Four months ago my husband walked out and he is seeking a divorce. The main reason is he is tired of responsibilities, doesn't love his children and hates me.

I have been a loyal wife and mother. My husband is back home with his Ma and Pa and wants to be fancy free. He is trying to make life miserable for me and the children. I am asking you for legal advice.

Broken Hearted Wife  
Dear Wife:  
I do not give legal advice. However, your husband has one responsibility he cannot avoid. That is to support you and the children. See a lawyer!

Dear Amy:  
To 'Will', I recommend one manicure a week for four weeks. A steel file will eliminate any daily roughness. This will also strengthen the nails and increase growth.  
Anyone with clean, polished nails has no desire to bite them. (This increases will power).  
C. S. (Beautician) (Berlin, N.J.)

## OLD GLORY NEWS--

By SHARON LEVERETT

The entire community was shocked and saddened over the weekend at the death of Mrs. Hill Sawyers. She had been in failing health quite some time and had recently consulted several doctors. She was in the Haskell County Hospital at the time of her death, but only the day before her death had shown some signs of improvement.

Born Emma Snider on October 29, 1887 in Joplin, Missouri, she married Hill Sawyers in Palo Pinto County in 1908. He preceded her in death in March of this year. Mrs. Sawyers is survived by four daughters, Mrs. Lorene Johnson, Mrs. Lillian Garner, and Mrs. Willie Fletcher of Old Glory, and Mrs. Mildred James of Richardson; one son A. R. of Old Glory; one sister of Junction, ten grandchildren and five great grandchildren.

Mrs. Sawyers was a member of the Church of Christ and the funeral was held at the Aspermont Church with their local minister, C. W. Zenor, officiating. Burial was beside the grave of her husband at the Aspermont cemetery with Young Funeral Home of Aspermont directing the burial services.

Pallbearers were V. R. Leverett, Debs Johnson, Carl Hunt, John Duncan, Herman Dugan, and J. W. Fraizier. A vocal quartet provided special music.

Many friends and relatives of Mrs. Sawyers were in our community for the funeral Sunday. Meals were served Saturday at the Morris Garners' and on Sunday at the Mid Johnsons.

We are proud that in the Sunday Abilene Reporter News our own Mrs. Lynn Flowers was their featured correspondent. Mrs. Flowers also writes for the Stamford American and Aspermont Star. She is a retired teacher and is now active in community affairs. She is appreciated and loved for her untiring effort to make our community and the world a better place in which to live. She and Mr. Flowers live on a farm five miles south of Old Glory.

to be under the doctor's treatment and at present writing is in the Stamford Hospital. Another hospital patient at this writing is Mrs. Lenora Dumas. She is in the Haskell County Hospital.

Also Mr. Suter remains in serious condition at the Haskell County Hospital.

Franklin and Russell Newman of Aspermont visited with their grandparents, Mr. and Mrs. Jimmy Newman, last week. Also over the weekend their son, Mack, who is a student at Hardin-Simmons University at Abilene was home.

Mr. and Mrs. Deane Letz and son are spending the week in the Old Glory Community in the homes of their parents, Mr. and Mrs. Garrett Spitzer and Mr. and Mrs. John Letz.

Relatives of the John L. Garners who were in the community Sunday for the funeral of Mrs. Hill Sawyers were: Mr. and Mrs. Ben Worley and Mr. Phillip T. Garner of Haskell. Mr. and Mrs. Wayne Worley of Colorado City, Mr. and Mrs. Lennis Worley of Knox City, and Mr. and Mrs. W. A. Hatfield of Jud.

Recent guests in the home of Mrs. H. E. Carr were Mr.

and Mrs. Bill Ivy and baby from Abilene, Mrs. George Thomas of O'Brien, and Mrs. Howard Johnson, niece from Knox City. Mrs. Johnson is employed as a nurse in the Haskell County Hospital.

The Carlton Pierces visited the Hollis Cogburns in Lubbock over the weekend.

Recent visitors in the local Church of Christ were: Barbara Thetford of Sherman, Gwen Creel of Athen, Alabama, Essy Winsett of Cleburn.

Glenn Peters of Houston, Belmond Pierce of Old Glory, Billy Sellers of Sagerton, and Hillery Molsinger.

Mr. and Mrs. Ray Jennings of Abilene and Mrs. Anne Jennings of Clyde visited in the home of her son and family.

### Vehicle Safety Inspection Urged Now for Fall Driving

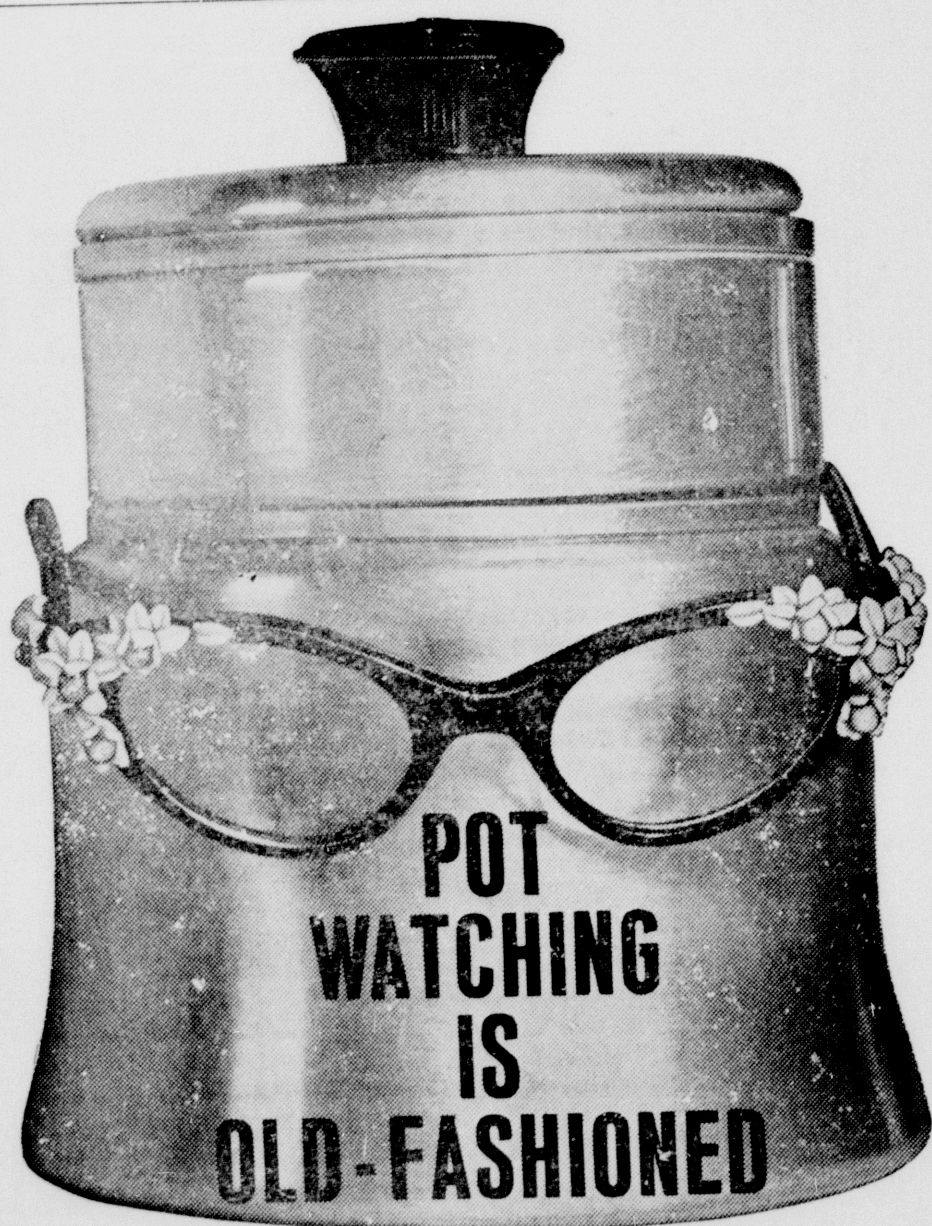

AUSTIN—Col. Homer Garrison Jr., director of the Texas Department of Public Safety, suggested today the start of fall "is an excellent time to have motor vehicles safety inspected" in preparation for hard winter driving.

The new 1962 Texas Vehicle Inspection Sticker is now available at the 5,000 official inspection stations in compliance with orders issued by the Texas Public Safety Commission.

The order states that all vehicles coming under the provisions of the Vehicle Inspection Act must display the new sticker by April 16, 1962.

Garrison said that during the past three months mechanics at inspection stations over the state have undergone an intensive training program on the inspection of vehicles under the law.

"There have been no changes in the Inspection Law from last year," he explained, "but we have re-examined every mechanic in the program to be certain he knows the procedure."

FAIRVIEW NEWS--

By MRS. ELMER JOINER

It is good to be home after a vacation that carried us to the Atlantic coast, the town of Virginia Beach, Virginia. This is a summer resort for the wealthy so it was just as well that every thing was closed for the season when we were there. But we did enjoy a visit to the Navy Yards at Norfolk, and it was quite a treat to us to see two big carriers in dock and be so near them.

We traveled in nine states outside of Texas and saw lots of beautiful scenery, and it was home to many people, but to an old dyed in the wool Texan there is nothing to compare with good old West Texas, with all of its drawbacks. When you get so far from home you feel like if you ever get back you will be in Paradise, which is as it should be. Visiting at church Sunday

was Mr. J. L. Wilson, Abilene, and his little granddaughter. Mrs. Wilson passed away last summer, it was Mr. Wilson's first visit since.

The Fairview church sent a nice little check, considering their size to the Hurricane Relief.

Rev. Doyle Combs and Winston Gray attended a Sunday School meeting of the Jones County Baptist Association meeting last Tuesday night.

Our community was shocked last Thursday when it was learned that Mr. and Mrs. Jack Gray were in a wreck, on the bridge across the creek about three miles east of town. Mr. Gray is in Hendrick Hospital, at last report he was some better, but is still on the critical list. Mrs. Gray was not seriously injured, but bruised up painfully. Since Mr. Gray was recuperating from a heart attack, this made it doubly hard on him, but barring any complications he should soon be on his road to recovery, as these farmers are a hardy lot.

This is the second wreck in recent years at this bridge, which was made for horse and buggy days and Model T's, so it is a dangerous place.

Mr. and Mrs. Buck Richie from Oklahoma, were recent visitors in the home of the Drakes.

Jodie Ford is attending Hardin Simmons this year.

Mr. and Mrs. Joe Ford are planning a trip on Friday of this week to Dodge City, Kansas, to visit a daughter, Mr. and Mrs. Bill Pennington. We are all wondering if they will see Matt Dillon and Chester.

Recent visitors of Mr. and Mrs. E. A. Henry were two of Mr. Henry's sisters, Mrs. H. L. Matheny of Andrews and Mrs. Ethel Bullock of Petersburg.

Last Monday Mrs. Henry's brother, Mr. and Mrs. J. E. Boyd and family of Snyder were visitors.

Monday night visitors of the Fred Rosenbaums were Mr. and Mrs. O. D. Roland of Hamlin and Mr. and Mrs. H. L. Ford and Diane, visited them Wednesday night.

Mr. and Mrs. Willie Earl

Smith and little son from Hodges spent the day with Rev. and Mrs. Doyle Combs and children Sunday.

Mrs. Earl Herbst and Mrs. Brady were visitors of the R. M. Jones Friday night.

Mr. and Mrs. Jones report that Mr. Jones' brother, N. W. Jones of Stamford, is improved enough to be home, after a long stay in the Stamford Hospital.

Mr. and Mrs. Raleigh Bond visited the Fred Rosenbaums Friday night, and we hear reports of a hot 42 game.

All members of the Fairview church that can attend are urged to be at the Association Meeting at the Trinity Church, Stamford, to receive the award as winner of the Jones Association in the Rural Church Achievement Program.

A nice little rain fell Sunday, but was not appreciated too much as several were preparing to start pulling bolls. But the sun is shining this Monday morning, so it won't be much delay and a rain is

always some good to something.

The Drakes attended Training Union and church services Sunday night.

Mr. and Mrs. Archie Hogan of Spur visited Mr. and Mrs. Woodrow Goodwin Sunday. Mrs. Hogan is a sister of Mr. Goodwin.

Mr. and Mrs. Goodwin and Linda, visited late Sunday with Mr. and Mrs. Jack Wicker and daughters in Hamlin.

DePriest Honor Roll For First Six Weeks Announced

Following the completion of the first six weeks examinations, it was discovered that several pupils had an average of B or above. These pupils make up the honor roll for the first six weeks.

Eleventh grade, Betty Lee Johnson; 10th grade, Dina Jean Lee and Sandra Deloris Covington; 8th grade, Era Jo

Delce and Alice Faye Ervine; 6th grade, Dorothy Dean Butler, Edna Jean Bolden, Bobbie Kirby, Doris Jean Davis and Van Covington; 5th grade, Peggy Covington, Laverne Hunter, Larry Austin, Charles McPherson and Elma Marie Mayes, 4th grade; Betty Jean Williams, Rhonda Lee Butler, Betty Jean Baker, Dollye Faye McPherson, Ricky K. Waller and Jerry Don Covington; 3rd grade, Carolyn Joyce Williams, Regenia K. Waller, Debra Sue Lee, Wayne Anthony Brown, Patricia Ann Black, Nellie Mae McPherson and Daphana Gale Titus; 2nd grade, Weildon E. Calloway, Elma Ree Brown, Sherlie Renee Sheffield, James Mayes Jr., Curtis Ray Thompson, Le-la Merle Douglas and Debra Ann Titus; 1st grade, Kenneth Williams.

Straight A students are Daphana Gale Titus and Debra Sue Lee. Both are third grade students.

The Principal and teachers wish to congratulate the 202

students and their parents for excellent attendance during the first six weeks.

O. L. Cohorn spent the week end with his daughter and family, Mr. and Mrs. T. C. Gabriel of Hobbs, N. M. He reports some very pretty crops from Lamesa to Hobbs.
